

Reflection About Seminar Tasks

Object-Oriented Design, IV1350

Questions

What are your conclusions about this seminar? Try to answer the following questions.

- Approximately how much time, including lectures and exercises, have you spent preparing for the seminar?
- What have you learned from the problems presented?
- What was difficult and what was easy?
- How have you worked when solving the problems?
- What questions remain regarding the problems?
- Do you have any suggestions regarding the course? Both suggestions for this course instance and for coming years are of interest.
